PLEASE NOTE:

All motions that are/were made and passed by the Membership at an Annual Meeting in May cannot be modified, rescinded, or amended except by a vote of the Members at an Annual Meeting at which there is a quorum of members in good standing in attendance or by their proxy. Refer to **Bylaws**, Article XIV.

- -Unless otherwise noted, any mention of “Member” will refer to one that is “in good standing”.
- -Lake Buckhorn Property Owners Association, Inc. will be referred to as LBPOA in these “Rules and Regulations”.

MEMBERSHIP

Refer to **Bylaws Article II** for complete rules for LBPOA and Bloomfield Water Company memberships by Members and Renters.

MEMBER REGULATIONS / MEMBERSHIP

Any “non-individual” (e.g., corporation, trust, etc.) membership application must designate an individual person’s Name.

In Accordance with the LBPOA bylaws, membership is not transferable. If assessments are presented for a property by a nonmember, the LBPOA may accept the payment in order to avoid unpaid assessments accumulating against the property. Acceptance of the assessments from a nonmember does not convey membership privileges to the party paying the assessments.

The “Agreement and Assumption of Risk” agreement must be signed and notarized at the time of “Application for Association Membership” and returned with payment. Members desiring to rent their real estate: Refer to **Bylaws**, Article II, Section (6)(a)(1)
See the Bylaws for changes

All CO-OWNERS will have privileges equal to any member in good standing, with the yearly purchase of a “Family Pass”, **not including watercraft, motorized and non-motorized, registered in the State of Ohio (refer to section 6 – Boat Launching at Association Areas, “Where title to lot or lots is held by more than one (1) person, only two (2) motorized watercraft are allowed per Membership”)** by payment the current Initiation Fee, thirty dollars (\$30.00) dues, and designated assessments due at the time of request, then annually thereafter. Paid up co-owners would have use of the various community areas, beaches, and any other Association facilities providing the Current Member is in good standing.

Any member who has been expelled and wishes to be reinstated will be required to pay any/all delinquent dues and assessments. A current initiation fee will be charged, and penalties may be assessed. The Board of Trustees will review each request individually to decide the appropriate requirements for reinstatement.

LBPOA shall require the payment of one (1) assessment for one (1) contiguous holding of four (4) or fewer lots. The previous rule required the payment of one (1) assessment for each contiguous holding of six (6) or fewer lots. Be advised that all five (5) to six (6) contiguous lots purchased prior to June 1, 1995 will be treated as one (1) assessment. All lots above the four (4) contiguous allowed shall be assessed on a per lot basis. This subsection shall apply only to land transferred before January 1, 1982. Land transferred before January 1, 1982 shall be charged on the basis of one (1) assessment per member, regardless of the number of lots owned. (Board Motion: July

8, 1983.)

If a member in good standing sells all of his/her property at Lake Buckhorn, thus losing his/her membership, said former member has up to one (1) year from the date of transfer of the sale to take title to a new property and re-establish membership without paying another initiation fee.

Based on precedent of billing and the intents of the previous board, this is to clarify a motion made April 11, 1995. (The relevant section of the old motion is “all five (5) and six (6) contiguous lots purchased prior to June 1, 1995 will be treated as one (1) assessment.”) Provided that five (5) and six (6) contiguous lots purchased prior to June

1, 1995 are transferred as one (1) parcel and kept under one (1) ownership, they will still be treated as one (1) assessment. NOTE: A five (5) lot parcel can be made from an existing six (6) lot parcel that qualifies for one (1) assessment, and the five (5) lot parcel will still qualify for one (1) assessment but cannot be made into a (6) lot parcel once separated.

If a member in good standing sells all of his/her property at Lake Buckhorn, thus losing his/her membership, said former member has up to one (1) year from the date of transfer to take title to a new property and re-establish membership without paying another initiation fee.

Tidiness Rules –It is the responsibility of property Owner to maintain his or her property in a reasonable condition so as not to devalue surrounding properties. Proper maintenance would consist of any and all actions so as to keep property looking presentable at all times; See Tidiness Rule procedures under “Failure to maintain Grounds”. These criteria will be set and implemented by the Lake Manager with the assistance of the LBPOA Board of Trustees. See **DEED RESTRICTIONS** Section (5)

There shall be a list with a signed statement on file at the office as to whether or not each property owner who desires to grant privilege to have access to their property restricted or not to be restricted, a copy of this list to be kept at entrance gate for ALL personnel who work at the gate to have access to it. **To allow all members to use either gate, one (1) keycard to each vehicle registered at NO CHARGE. There is a charge of \$15.00 for replacement keycards.**

Members only, have access to North Gate

Member must be sole owner of boat. Refer to **Bylaws**, Article II, Section (6)(f), which reads "Each member in good standing, who has paid the initiation fee, annual dues and legal assessments, is entitled to obtain access permits, at a time and manner as shall be established by the Board of Trustees, for up to two motorized watercrafts for use on the lake during a given season. Where title to lot or lots is held by more than one person, only two motorized watercrafts are allowed per title. Motorized watercraft which does not have an access permit attached will not be permitted access to the lake.

Guests may not have access to put any type of watercraft in or on Lake Buckhorn waters. Any boat shall be titled to a voting member or his/her spouse. No watercraft owned by non-members can enter Lake Buckhorn property without an authorized test form. Said form will be issued by the Lake Buckhorn office

(330) 674-9961 for the purpose of testing a watercraft for buying or selling. You must keep the form with you while testing the watercraft, this permit is good for no more than

(2) and must be turned in to the office or gatehouse upon completion of test.

LBPOA boat permit decal should be located on the left rear of the boat near the lot numbers.

LOADING - Common sense tells you that this is extremely important. Distribute the load carefully, remembering that the performance of your boat depends on proper distribution of the load. As the load increases, the boat's freeboard decreases to the point where even small wakes or waves will swamp the boat. Water surface can become choppier away from shore.

RAMP ETIQUETTE

Before you get in line, do the following: Stay to one side and watch one of two launchings to notice any local problems of the ramp, wind or current effect on launching. Remove any gear that is stored in car. Rig boat, set mast, etc. Disconnect

Lake Buckhorn Property Owners Assoc. Rules and Regulations

wiring plug between car and trailer. Remove tie-downs, double check to make sure the drain plug is in. Attach a line to bow cleat and a second line to stern cleat to aid in controlling boat after launching. Double-check the engine safety chains, making sure the outboard is securely attached to the transom.

Enter the launching line: Back down into the water until the rear rollers are barely under the water. Have someone guide you into the water and hold onto the guidelines you connected. Disconnect the winch line from the bow eye and put the boat in the water. Move your boat so others may launch. Return your vehicle and trailer to the parking area.

GENERAL PRUDENT RULES

For the safety of all concerned, the operators of all vessels must act to avoid collision even if they have the right-of-way.

- Be courteous and considerate.
- Avoid sharp high-speed turns and reckless operation.
- No person shall place or dispose of, in any manner, any garbage, waste, peelings of vegetables or fruits, rubbish, trash, cans, bottles, paper, or anything of an unsightly or unsanitary nature in the access areas or lake basin.

Check steering and throttle controls for operation before towing a skier. On take-offs, never accelerate until a signal is given by the skier. When under way, the

Lake Buckhorn Property Owners Assoc. Rules and Regulations

operator should direct his attention ahead. The observer is there to watch the skier(s).

Return to fallen skier immediately. Slow to idle as you approach the skier(s). Approach skier on driver's side. Shut off engine while skier(s) climbs into or out of boat. High-speed landings cause injuries. In landing a skier(s), reduce speed and parallel landing area at a safe distance.

www.ohiodnr.com/forestry OHIO’S FIRE LAWS

State law (Ohio Revised Code 1503.18) specifically deals with the issues of negligent outdoor burning and the careless discarding of any burning substances. Below are some commonly asked questions and responses:

“I’ve got a pile of brush out back that I’d like to get rid of. Do I need a burning permit?”

No. State laws were revised in 1988 establishing restricted burning times and the burning permit system was discontinued.

“Is it okay for me to burn this brush pile?”

State law prohibits outdoor burning between the hours of 6:00 a.m. – 6:00 p.m. during the months of March, April, May, October and November; and state law requires that:

- 1) All reasonable precautions must be taken to safely burn and that**
- 2) The fire must be attended at all times.**

“Is it okay, then, for me to burn after 6 p.m. or in any other month?”

You must realize that you are always responsible for the fire you kindle. If a fire escapes your control, you will be liable for prosecution. For additional regulations prohibiting outdoor burning, you should contact the Ohio EPA.

“My neighbor is burning debris. It’s very windy, and I’m concerned. Whom do I contact?”

Outdoor burning problems and/or escaped fires should be reported immediately to your local fire department and/or the local Ohio Division of Forestry office.

“The local landfill won’t take this debris; what alternatives to outdoor burning do I have?”

Consider a more natural approach to debris disposal by recycling appropriate household materials, composting lawn and site debris, and construction brush piles with tree limbs and brush to provide cover and shelter for wildlife and birds.

“Remember, Only YOU can prevent forest fires.”
